2020

Bar Arrangements

The sale of alcohol is a licensed activity in the UK. The Hall is licensed and a bar can be provided and staffed by the Trustees under the terms of that licence. No other body, including caterers, are or can be licensed to sell alcohol on the premises.

If a bar is provided then only drinks purchased through the bar can be consumed on the premises unless specific arrangements have been made.

We will not serve alcohol to any persons under the age of 18. Therefore guests may be asked for proof of age.

We do not allow 18th or 21st birthday parties, or similar events, at the Hall.

Welcome & Toasts

Welcome drinks and toasting drinks can be arranged for you. We will seek to meet your specific requirements.

The cost of welcome drinks will vary depending on the proportion of children/non-alcoholic drinks to be provided.

As a rough guide Welcome or Toasting Drinks for 100-120 people will cost £200-250.

We only charge for the drinks actually consumed. These will be charged for after the event.

Wine for the Table

Wine can be provided for the table at a cost of £11 bottle, prosecco at £13 a bottle.

Cask Beer / Specialities

We can arrange for cask beer to be supplied. However cask beer and ciders must all be used on the night. If there is significant amounts left then the management reserve the right to charge the excess at cost.

Corkage

If we cannot supply the drinks of your choice then we will charge corkage for any bottles / casks brought into the event. Corkage is a typical charge in the events industry. Please remember the Hall is a charity and all funds are used for the upkeep of the Hall and the bar operations are a fundamental part of ensuring that we keep prices generally as low as possible.

Corkage rates:

- prosecco / wine £5 bottle
- beer / lager £1.50 bottle
- non-alcoholic £3 litre
- cask ales / cider £1.50 pint

Other Arrangements

If you wish to put an amount behind the bar for free drinks, arrange tabs or to pay a contribution for each drink (eg 50%) then this can be arranged. Please make this clear in advance as it can take time to set up.

No Bar Required

If you do not wish to have a bar then you can provide alcohol to your guests free of charge. The bar will then be left locked up, although glasses may be provided for a small cost. Please note we do not allow caterers to provide & manage bars in any circumstance.

Range & Pricing Policy

We aim to provide a wide selection of drinks for your guests and if you let us know what you and your guests are likely to drink then we can ensure sufficient supplies. Prices are set at below typical pub prices.
